

COOL CLEAN

Freezer cleaner - For use in Coolers and Freezers down to -15 °C

Product # 093

DESCRIPTION

A heavy duty cleaner designed to be used in frozen food preparation and storage areas. Specially formulated ready-to-use cleaner for use in freezers, coolers, cold rooms, loading docks, refrigerated trucks and other areas with low temperature. Designed for cleaning at sub-freezing temperatures without the need for defrosting.

This product is acceptable for use on floors and walls in official establishments operating under Federal meat and poultry products inspection program.

USAGE

Ideal for use in food processing plants, supermarkets, restaurants, schools and fast food establishments, on all non-food contact surfaces. Recommended for official establishments operating under Federal meat and poultry products inspection program.

DIRECTIONS

Ready to use.

Apply by spraying, mopping or through auto scrub machine.

Manual cleaning. Apply undiluted cleaner by spray, mop or sponge, then aggressively double scrub in the area with a stiff brush or abrasive pad. Pick up loosened soil and cleaner with a wet-vac, mop or sponge. The cleaned surface must always be wet-vacuumed or mopped dry to prevent cleaner residues on the surface.

Automatic Scrubbers. Equip scrubber with steel wire or other aggressive brushes and fill supply tank with undiluted cleaner. Lay down cleaner solution with scrubbing action. Allow cleaner to remain on surface 5 minutes, then using scrubbing action and vacuum pick up, lower squeegee and pick up loosened soil and cleaner residue.

PRODUCT SPECIFICATIONS

APPEARANCE	Blue liquid
ODOR	Alcohol like
FLASH POINT	66 °C
BOILING POINT	180 °C
SPECIFIC GRAVITY	1.83
pH	11.5
SHELF LIFE	1 Year in unopened container
PACKAGING	55- 35- 15 Gallon drums 5 Gallon pails Cases of 6/1 Gallon jugs
