

HEAVY-DUTY CLEANER FOR TERRAZZO, MARBLE & STONE REMOVES EMBEDDED DIRT & SOAP SCUM

Product # 175

DESCRIPTION

A unique and superior cleaning and reconditioning product for removal of embedded dirt and soap scum from terrazzo, marble and stone. This product is not designed as a continuous maintainer, but can be used periodically to remove extra tough stains and dirt with safe and effective results.

USAGE

Recommended for commercial, institutional and industrial use.

DIRECTIONS

Use only as directed.

For heavy dirt and soap film: Dilute 1 part of Terra-Con to 7 parts of hot water. Apply to surface to be treated. Work material over area for approximately 1-2 minutes. Pick up solution and rinse with clear water.

Can be used by hand or with a scrubber machine.

Maintenance: After the floor is thoroughly cleaned with Terra-Con, as directed and allowed to dry, an application of floor finish is recommended. Further maintenance should include a damp mopping with a mild detergent and warm water, as necessary. Do not use or allow to splash upon any surface or plated fixtures which are not guaranteed acid-resistant. Avoid splashing on nylon or cotton.

PRODUCT SPECIFICATIONS

APPEARANCE Blue liquid emulsion

ODOR Mild VISCOSITY @ 77°F cps Water Thin SPECIFIC GRAVITY at 77°F 1.12 pH IN CONCENTRATE

FLASH POINT Non-flammable

WATER SOLUBILITY 100% RINSING PROPERTIES Free Rinsing **ABRASIVES** None

SHELF LIFE 1 Year in unopened container **PACKAGING** 55, 35, 15 Gallon drums

5 Gallon pails

Cases of 6/1 and 4/1 Gallon jugs
