

CHLORINATED DEGREASER

ALL PURPOSE ALKALINE CHLORINATED HIGH FOAMING CLEANER

Product # 553

DESCRIPTION

All purpose chlorinated high foaming cleaner. For the quick removal of grease, protein, blood, stains and other related soils on stainless steel food processing equipment, floors and walls.

USAGE

This product is recommended for industrial and institutional use.

DIRECTIONS

Always wear goggles and rubber gloves.

Do not mix with any other chemical. Always add the product to water, never the reverse.

Dilute 1 part of concentrated product with 20 parts of water (7 oz. of product per gallon of water). May be applied by hand brush, low or high pressure sprayer, through pressurized tank foamer or central foam producing systems. Use at room temperature or up to 135°F. Allow solution 6 to 10 minutes of contact time with soiled surfaces and follow with a fresh water rinse. May be used with caution on aluminum, brass, bronze, concrete, copper, galvanized steel, magnesium, and painted surfaces (pre-testing recommended).
